EXPERIENCE

Full Stack Web Developer
Hodder Construction (following projects) | Kamloops, BC | August 2024- May 2025

1. *Advanced Plumbing Kamloops -*

- Developed a full-stack website (HTML5, CSS3, JS, PHP) hosted on DigitalOcean, improving brand visibility.
- Implemented secure form submissions with file upload + PDF generation; reduced admin work by automating reports.
- Integrated reCAPTCHA V2, SSL, and Git version control.
- Boosted engagement with optimized CTAs and tracked user behavior via Google Analytics, leading to a 30% increase in form submissions.
- Applied SEO best practices and responsive design to achieve first-page Google visibility.

2. *Digital Timesheet App -*
- Built an internal timesheet/workflow web app (Node.js, React, Tailwind, MySQL) for 11 employees with user dashboards, login, and secure data flow.
- Added dynamic job forms, daily hour logging, signature capture, PDF auto-generation, and Excel email summaries.
- Enabled monthly data purging with auto-backup, hosted the app securely with session timeouts and reCAPTCHA v3.
- Used PM2 and Git for deployment and version control.

3. *EVStore* **–**
- Designed an e-commerce platform (Next.js, React, Tailwind CSS, Strapi) for 500+ Tesla parts with PostgreSQL and Stripe integration.
- Automated product population with a custom CSV-to-Strapi pipeline.
- Deployed using CI/CD pipelines and optimized site performance with Tailwind UI best practices.

4. *Rentals Kamloops -*
- Built WordPress-based rental listings site with 30+ properties using Elementor and Estatik.
- Integrated PDF-enabled application/maintenance forms with multi-file uploads and SMTP delivery.
- Implemented Yoast SEO and responsive design to increase listing discovery and search ranking.

5. *Hodder Construction* **–**
- Developed a full-stack PHP website (HTML, PHP, JavaScript, Tailwind CSS) to showcase Hodder Construction's completed projects.
- Created dynamic pages for each project with structured layouts and media integration.
- Implemented secure form handling, SSL, and Git version control; configured CI/CD pipelines for automated deployment.

Technical Support Specialist
Teleperformance | Remote| October 2023-August 2024
- Provided technical support for iPhones, iPads, Macs, and iCloud accounts; promoted to Mac Specialist.
- Maintained 95% CSAT and 100% logging accuracy; conducted Safeview remote troubleshooting.
- Adapted quickly to new Apple product releases and software updates, ensuring accurate support across evolving ecosystems.

Web Developer
Raven Reads | Kamloops, BC | Feb 2023-Sep 2023
- Developed responsive UIs with JavaScript, HTML5, and CSS3 per client specs.
- Customized Shopify storefront with custom theme and 100+ product entries.
- Integrated QA testing and documentation into agile workflow; launched social media campaigns and resolved technical issues via Zendesk/live chat.
- Designed and added new site features to improve performance and user experience, including optimizations that reduced page load times and enhanced mobile responsiveness.

OTHER EXPERIENCE

Seasonal Sales Associate

The Source – Aberdeen Mall | Kamloops, BC | Dec 2022 – Feb 2023

- Awarded the Penguin Award for highest seasonal sales, closing multiple business deals with small business clients and consistently exceeding targets during the peak holiday period. Sold Phones, Plans and Accessories.

Administrative Assistant

Fastfrate | Port Coquitlam, BC | Sep 2022-Dec 2022

- Managed high-volume communication (500+ emails/day), processed invoices, maintained digital/physical filing systems, and used Excel, NXVIEW & FASTNET to extract data, resolve freight issues, and support logistics operations. Co-ordinated appointments, meetings, and conferences.

Sales Manager

The Mobile Shop | Burnaby, BC | Feb 2022-Sep 2022

- Led a team of 6, hired/trained staff, executed outbound sales strategies, and generated $390K in revenue with a 48% close rate, while boosting store reviews and optimizing POS operations.

Sales Associate

Glentel| Kamloops, BC | Feb 2021-Feb 2022

- Converted high-volume Costco foot traffic into consistent wireless sales for Rogers, Bell, Fido, and Virgin, becoming top seller during an off-season month (July) and providing tailored career support to customers across multiple carriers.
